

Coronavirus and Annual Parish Meeting

Dear Newenden Resident

We are living in totally unprecedented times and without doubt the best way of coping is to try and help each other.

We would like to communicate with all those needing help, and all those prepared to help, acting as a communication hub to best match the two. This will be the last newsletter until post coronavirus but we can communicate faster and better via Facebook, under Newenden Parish Council and Village, Telephone 07906 658413, or E mail dereknewenden@gmail.com

There may well be people undergoing Chemo, with life long infirmities, or just people feeling alone. Some of you might not be directly affected but know a neighbour who is, you may feel embarrassed about asking for help, don't be, we can't help if we don't know.

Maybe something as simple as exchanging books or jigsaws would help, maybe you need someone to collect your prescription, maybe you can't get food, Whatever it is PLEASE PLEASE ask and we'll do what we can.

We can also advise that St Peters church have set up a facebook page titled St Peters Newenden and are likely to be making appropriate announcements in the near future.

Just as additional information the forthcoming Annual Parish Meeting is cancelled, as are other upcoming Parish Council meetings until such time as the official advice on healthcare changes.

Yours sincerely,

Derek Wright
Chair, Newenden PC
